Tribute to Red River
Vocational Technical
School, in 6th Year

You read on this page yesterday Director J.W. Rowe's announcement that Red River Vocational Technical School will begin its sixth year of operation here on Tuesday, Sept. 7.

You scarcely realize time has gone by so swiftly. Only the other day, it seems, Hope was just one of several sites suggested for a projected state training school to serve the southwestern counties. Local committees worked energetically with State Senator Olen Hendrix of Prescott, whose inclination and help, plus Hope's central location, probably swung the location decision in our favor.

Nevertheless we owe a great deal to Nevada and Howard counties, which sided with Hempstead in the final round. Now starting its sixth year, Red River Vocational Technical School represents one of the most forward moves ever made by the state government and Southwest Arkansas. It is the catalyst which is converting unskilled labor throughout the southwestern counties into skilled craftsmen—the No. 1 item demanded by industry and agriculture in our 20th Century.

First there is the requirement of a good basic education, preferably graduation from high school. The next vital step is completion of some specific course in skilled work at Red River Tech.

These are the facts, and hundreds of young folks are crowding into the local school at the beginning of every scholastic year.

Our congratulations to them and to Director J.W. Rowe.

Public Told to Inspect Cans of Soup

LITTLE ROCK (AP) — More than 4,000 cans of Campbell's chicken vegetable soup, suspected of being contaminated with botulism toxin, have been distributed in Arkansas, a state Health Department official said Wednesday.

Jim Wallace, the official, said authorities have not found some of the cans.

He said that consumers should check any cans of the soup that they have. The suspect cans have the code number 07-P13-701X, Wallace said.

Wallace advised consumers to take any cans with that number to their county health sanitarian for proper destruction.

Man Linked to Burglary of Drugstore

LITTLE ROCK (AP) — Robert Edward Baggett, 21, of Little Rock burglarized a Little Rock drugstore when the drugist was slain Aug. 10, 1970, a youth testified Wednesday.

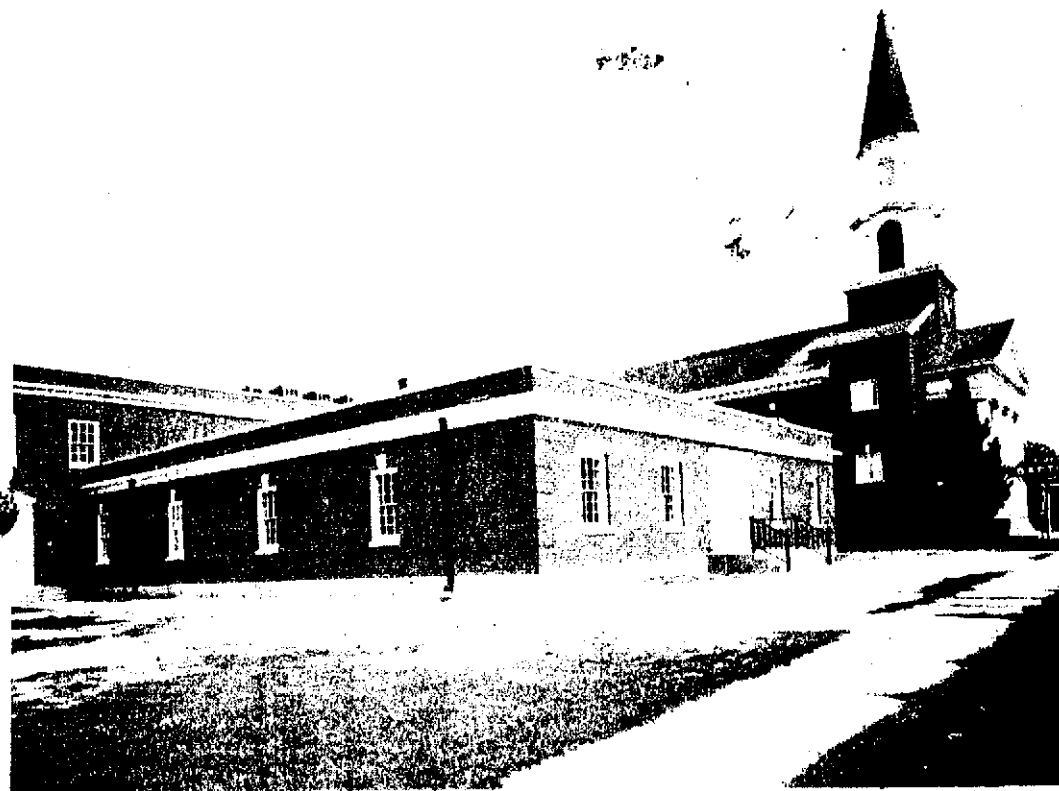

Charles Lynn Anthony, 18, of Little Rock, who is charged with first-degree murder in the drugist's death, gave the testimony in the first-degree murder trial of Baggett.

Both are charged in the strangulation of June B. Shillcutt, 61, at Shillcutt's drugstore. Anthony said he waited in a car while Baggett performed the burglary. He said Baggett came back to the car with about \$4,600 and said, "I had to hit a guy."

Later, according to Anthony's testimony, Baggett discounted the statement, saying he had made it only to scare Anthony. Circuit Court Judge William J. Kirby took under advisement a motion by defense attorney James R. Howard for a mistrial. Howard said he had received information that some courtroom spectators had taken notes on testimony and had taken their notes to a room where other witnesses were waiting to testify.

Kirby took the motion under advisement to give Howard time to look further into the matter.

Cost of Farm Products Increases

WASHINGTON (AP) — The Agriculture Department says the retail cost of selective farm products rose .9 per cent in July. The over-all cost was 2.3 per cent more than a year ago.

The market-basket selection is used by the department as a means of charting food prices and the amount received by farmers.

The department said the largest increases were in eggs and fruits and vegetables, mainly apples, grapefruit, lettuce and tomatoes. Beef prices were down from June but still 4 per cent above the year earlier. Pork prices rose but remained 11 per cent below a year ago.

Saratoga School Seeks ESAP Funds

Saratoga School is in the process of applying for aid from the Emergency School Program under Priority III. The school applied last year and is applying again this year to help ease the desegregation process.

Members elected to the Bi-Racial Advisory Committee are, Mrs. Janie F. Fincher, Mrs. Rennie McGhee, Mrs. Joe McAdams, Mrs. Annie B. Stewart, Mrs. Rose Moton, Mrs. Peggy Olden, Mrs. Linda Lavender and Mrs. Valdee Williams.

After Vacation Finds Everything in Chaos at Job and Household

By HAL BOYLE
NEW YORK (AP) — If you want to know on what flimsy foundations your life is built, all you have to do is take a two-week vacation.

You'd think your household and job could coast along without you for at least that long, but what do you find when you return? You find everything in chaos.

To itemize a few of the minor and major disasters: The small boy you paid \$8 to cut your grass twice ran away from home without cutting it once. Your lawn looks like a jungle scene from a Tarzan movie.

On the front porch are 14 bottles of milk and 14 daily newspapers.

You wife runs into the kitchen and is relieved to find that she hadn't forgotten to turn off the gas jets after all. Half an hour later she discovers that

Dedication of a new \$225,000 Education Building of the First Baptist Church will be Sunday, August 29.

With a special dedication service and sermon by the Rev. Gerald W. Trussell, pastor, at 10:45 a.m., the church will be returning to its schedule of one Sunday morning worship service. Jim Hart, music-education director, will be in charge of the music.

Following the showing of the film at the evening worship service at seven o'clock, there will be an open house and fellowship hour sponsored by the Baptist Women.

The two-story red brick Georgian Colonial structure is the third of a four-unit plan drawn up in 1949 with the assistance of the Architectural Board, Southern Baptist Convention, Nashville, Tennessee. It adjoins the sanctuary, completed in 1950, and the educational building and fellowship hall, completed in 1962.

W.H. Gunter, Jr. has been chairman of the building committee which included W.L. Tate, Guy Grigg, Horace Fuller, and Hillman Koen.

W.L. Tate headed the planning survey committee assisted by Bob Westbrook, Hubert Thrash, Al Zimmermann, Bill Gunter, Mrs. Jewel Moore, Jr., Mrs. Ray Lawrence, and Mrs. Rose Luck. Horace Fuller has been chairman of the furnishings committee which included Mrs. Rose Luck, Mrs. Ray Lawrence, Mrs. A.A. Albritton, Mrs. Jewel Moore, Jr., Hubert Thrash, and Guy Grigg.

Norris Jerald Sparks of Little Rock was the architect and CBA Construction Company of Murfreesboro the contractor.

First-floor accommodations include facilities for children from birth through third grade. This area will be used on week-days for a nursery school directed by Mrs. Charles Butler and kindergarten directed by

Number of Families on Welfare Drops

By BOB GREENE
Associated Press Writer
WASHINGTON (AP) — The number of families on welfare is dropping. The slightly confused and a little concerned.

Statistics released Wednesday show the number of persons receiving public assistance in May decreased .3 per cent from April, the Department of Health, Education and Welfare said.

Most of the shrinkage was in families headed by unemployed fathers, a statistic government specialists cannot explain in view of continuing high unemployment. The drop was 34,000 persons, or 3.9 per cent, from April.

The number of female-headed families receiving aid increased slightly, resulting in the aggregate decline of only 16,000 recipients, to 10.2 million persons, in the family program. The May drop followed a marked slowing in welfare growth in April, but an HEW spokesman warned it will require "another month showing a decline before we can really call it a trend."

"We are concerned about this situation because the needs of welfare recipients have not lessened—they, too, are under financial pressures," HEW welfare director John D. Twinn said when he announced the April leveling off.

A spokesman for Twinn, who is vacationing, said the same concern applies to the May drop.

Puerto Rico and 19 states reported drops in their family-assistance programs from April. Thirteen of these 20 have taken steps, because of fiscal distress, to cut welfare benefits or eligibility.

The largest decreases in family recipients in May were in Alabama, 28,700; Puerto Rico, 24,300; California, 13,200; Oregon, 5,600; New York, 4,800; Washington, 4,000, and New Jersey, 3,200.

Registering smaller drops were Idaho, Kansas, Kentucky, Maine, Montana, New Mexico, Pennsylvania, Rhode Island, South Dakota, Utah, West Virginia, Wisconsin and Wyoming.

Housing Problem at University

FAYETTEVILLE, Ark. (AP) — Officials at the University of Arkansas said that some housing problems developed with registration for classes Wednesday.

Jim Gibson, head of the U of A Housing Office, said 4,100 beds are occupied and that some students, because of the demand for space, had been placed in a room with floor

Big Trading Partners Plan Study

By DORIAN FALK
Associated Press Writer
GENEVA (AP) — The United States and its major trading partners agreed early today to join in a special study of the U.S. import surtax and other nonmonetary measures in President Nixon's defend-the-dollar program.

At the U.S. insistence, Nixon's monetary measures to force a revaluation of the Japanese yen and major European currencies were barred from the study.

The other nations also agreed to take no retaliatory action against the President's 10 per cent surcharge on imports but made it clear they wanted it lifted as soon as possible.

The 25-nation study group was set up by the council of the international trade organization known as GATT—the General Agreement on Tariffs and Trade. The group will start its work on Sept. 6 and is to report its findings to the GATT council by Sept. 20.

The group was told to "take See BIG TRADING (On Page Two)

Teachers to Get Wage Hikes as Opposition to the Freeze Mounts

By JOHN STOWELL
Associated Press Writer
WASHINGTON (AP) — Against a growing wall of union opposition to President Nixon's wage-price freeze, the government has opened the door a crack to allow most teachers a pay raise this fall.

"It's just a matter of equity," an Office of Emergency Preparedness spokesman said Wednesday in explaining the new interpretation.

The National Education Association said the ruling affects 80 per cent of the nation's 2.1 million public school teachers. The government said it had no estimate, but had heard figures ranging from 75 to 90 per cent.

The AFL-CIO American Federation of Teachers said: "We're happy about that but it still doesn't solve the problem."

It puts a premium on foot-dragging boards of education that are waiting until two days before school opens to settle their contracts. The freeze came along and they're home free."

Whether teachers get their master-contract raises apparently will be up to school boards.

The original ruling by the Cost of Living Council had said teachers were barred from pay raises if their contract period started on or after Aug. 15, when Nixon announced the 90-day freeze.

Now the council has ruled teachers may receive raises if they are eligible to be paid over a 12-month period but are in fact paid over a 10-month period, provided the contract took effect before Aug. 15.

Injunction on Landfill Set Aside

LITTLE ROCK (AP) — The state Supreme Court set aside an injunction Wednesday and permitted operation of a landfill near the Bonanza community in Sebastian County.

The injunction had been granted Aug. 18 by Chancellor Warren O. Kimbrough of Fort Smith in a suit filed by the town of Bonanza and residents of the Bonanza area.

The suits contended the landfill, operated under a contract between three men and the city of Fort Smith for disposal of Fort Smith's garbage, would pollute underground water supplies.

The court said that opponents of the landfill could seek relief before the state Pollution Control and Ecology Commission.

Emmet Access to I-30 Approved, Link May Be Open in November

The Arkansas Highway Commission yesterday approved a project in Hempstead calling for the grading and construction of shoulders and a precast concrete bridge and surfacing of 3.25 miles of Highway 299 from the Emmet Interchange on Interstate Route 30 to U.S. Highway 67 at a cost of \$242,000.

This actually means there is a possibility that the I-30 link between Hope and Emmet will be open to traffic in November leaving only the stretch between Emmet and Prescott unfinished and this is scheduled for completion in 1972.

District Engineer John Tallant said base clearing, graveling, drainage structure and fencing work is progressing rapidly between Highway 29 and Emmet interchange.

At present traffic on Interstate 30 is routed over Highway 67 from Hope to Prescott. Trucks are kept on Highway 67 all the way to Fulton.

Also Wednesday the Commission announced that Arkansas Rock and Gravel Co. submitted the low bid of \$462,366 for the paving of 1.5 miles of Highway 29 south from Evening Shade to Hope.

Teachers to Get Wage Hikes as Opposition to the Freeze Mounts

an attempt to treat equally those summer-school teachers already being paid the higher rate and their colleagues who began work this fall on a 10-month pay basis.

Meanwhile, organized labor stepped up demands that employers put frozen pay hikes into escrow accounts until legal questions are settled over whether the money can be distributed when controls end.

Otherwise, the AFL-CIO Painters union said, "They will be putting into their own pockets dollars that belong to our members."

The union advised its 200,000 members to strike if necessary during the freeze to win pay hikes effective afterward and to back up the escrow-account demand.

After a two-hour meeting Wednesday with AFL-CIO President George Meany, President Leonard Woodcock of the United Auto Workers pledged there will be no walkouts among 100,000 aerospace workers during the 90-day period.

But Woodcock described the freeze as unfair to workers, criticized Nixon's proposed 10-per-cent investment tax credit for business and expressed concern over what type economic controls might be imposed after the freeze ends.

Car Insurance Rate Hike Suspended

LITTLE ROCK (AP) — Dick Herget, executive vice president of the Arkansas Association of Insurance Agents, said Wednesday the 22.7 per cent increase in automobile insurance rates granted in Arkansas July 9 has been suspended indefinitely.

Herget said the action was taken voluntarily by the Insurance Services Office of New York, N.Y. The term "indefinitely" means the suspension will extend beyond the 90-day wage-price-rent freeze imposed Aug. 14 by President Nixon, Herget said.

Gov. Dale Bumpers has asked state Insurance Commissioner A. Gene Sykes to investigate the rate increase, granted

See CAR INSURANCE (On Page Two)

July Trade Deficit 4th Month in Row

WASHINGTON (AP) — For the first time in the nation's history, the United States recorded its fourth consecutive monthly trade deficit in July, the Commerce Department reported today.

The July deficit of \$304.1 million left the nation with a seven-month red ink figure of \$876.4 million. This was also the first time a deficit has been recorded for that period of time.

The July trade figures supplied compelling reasons why President Nixon chose to slap a 10 per cent import surcharge Aug. 15 in an effort to protect the U.S. market and why he chose to cut the dollar loose from its traditional link with gold.

The Commerce Department said seasonally adjusted imports in July totalled \$3.796 billion, while exports amounted to \$3.494 billion.

Dr. Harold C. Passer, assistant Commerce secretary for economic affairs, said the July deficit "further reinforces the need for the temporary import surcharge and for the other new economic programs announced by President Nixon on Aug. 15."

Passer noted the seven-month deficit contrasted sharply with the nearly \$2 billion surplus registered during this same period a year ago.

Freeze Puts Rosier Glow on Economy

By STERLING F. GREEN
Associated Press Writer
WASHINGTON (AP) — President Nixon's shock treatment has put a rosier glow on an otherwise pallid midyear economic forecast issued by the Commerce Department.

The 66-page industry-by-industry survey of the business outlook, an annual summer size-up, was published today with a single-page addendum tucked inside its cover. The extra page said the forecasts were completed before the President's Aug. 15 announcement, and added:

"We can be confident that these new programs have enhanced prospects for full economic recovery with a continuing slowdown in inflation."

"Economic activity will be stimulated in several important ways. Consumer spending will be buoyed by the cut in income taxes and by increased public confidence."

"New-car sales will be boosted by the cut in automobile excise taxes. Capital spending will be provided a powerful spur by the job development tax credit."

"In each of these areas, and many others, the President's new programs have improved the economic outlook as projected in this publication."

As published, the review said the upturn in early 1971 "began somewhat narrowly," based largely on the rebound from the auto strike, hedge buying of steel in anticipation of a strike, and a genuinely strong pickup in housing.

Recent months have widened the recovery, Commerce reported, and the present upswing appears to be "only the first stage of a sustained period of economic growth."

Of the 23 major industries separately analyzed, the survey showed 15 are expected to gain 5 per cent or more from last year, 5 to increase by smaller amounts, and 3—including the basic steel industry—to decline.

The three sagging industries are big ones—steel, electronics products and aerospace. Aerospace is expected to decline somewhat further in 1972; steel and electronics are expected to pick up in 1972—and that forecast was made before Nixon acted to make U.S. products more competitively priced. New estimates are being prepared, the department said.

The department conceded that the problems of joblessness and inflation, while improving, have proved more stubborn than was expected six months ago.

But a key element in the recovery—consumer spending—still is retarded by an extraordinarily high, 8-per-cent, rate of savings. The normal rate is 6½ per cent.

Patches of Fog Around Arkansas

By THE ASSOCIATED PRESS
Patches of ground fog were reported around the state today, as they were early Wednesday.

The National Weather Service said that visibility was reduced in some areas to three to four miles.

That cold front which was threatening to move into the state by today has weakened and has become stationary across Southern Missouri. Some

thundershowers did form as a result of the front in North Arkansas, but no rain was reported at any of the official reporting stations.

A few isolated thundershowers formed in the warm air south of the front in Central and Southern Arkansas during the afternoon.

The forecast calls for partly cloudy skies with widely scattered afternoon and evening thundershowers through Friday.

Witness Wants to Be Sure of Protection

By KATHRYN JOHNSON
Associated Press Writer
FT. McPHERSON, Ga. (AP) — A military judge rules today on whether a government witness who invoked the Fifth Amendment will be compelled to testify in the court-martial of Capt. Ernest L. Medina.

The witness, Frederick Widmer of Lower Burrell, Pa., was identified in earlier testimony as the member of Medina's command group who shot a badly wounded vietnamese boy during the My Lai massacre.

Widmer, now a civilian, took the stand Wednesday and invoked the Fifth Amendment on grounds that he might be prosecuted later if he testified. Although Widmer has been given a federal grant of immunity from prosecution, he and his lawyer, Capt. Gary Myers, told the judge they were not certain it would fully protect him.

John M. Smail of Kent, Wash., an assistant machine gunner at My Lai, testified earlier in Medina's murder trial that he, Smail, was standing near the wounded and bleeding boy when Medina passed by with his command group.

Medina was talking on the radio "with his head down and I don't even know whether he saw the incident," said Smail, the first witness to place Medina at the scene of a killing.

The defense contends that Medina was unaware of the killing of unresisting civilians until late in the assault of My Lai on March 16, 1968, and that he gave a cease-fire order as soon as he saw some civilians had been slain.

The government accuses Medina with responsibility for "not less than 100" murders of South Vietnamese civilians because he failed to intervene while his troops killed, and with personally shooting a woman and ordering a young boy to be shot.

The judge, Col. Kenneth Howard, ruled initially that Widmer must testify. But Howard agreed to take the matter under advisement until today after Medina's attorney, F. Lee Bailey, questioned the type of immunity granted Widmer.

Bailey said the immunity grant covered only Widmer's testimony about his actions at My Lai and did not make him immune from any perjury prosecution that may arise from cross-examination.

Horses follow the elephant, ape and dog on the intelligence scale of lower animals, according to Encyclopaedia Britannica.

Weather Drop in One Family Houses Reversed

By CAROLE MARTIN
AP Business Writer
NEW YORK (AP) — The decade-long decline in construction of one-family houses has been reversed in major metropolitan areas.

Government figures show single-family housing starts moving upward again after a 10-year period in which they fell from 79 per cent of new construction in 1960 to 53 per cent of the total in 1969.

In 1970, the figure rose to 55 per cent and so far this year it is running at an annual rate of 56.5 per cent.

Over-all, private housing starts in July set a record and experts were predicting that the annual rate would meet the Department of Housing and Urban Development's 1971 goal for housing starts of all kinds—2,185,000 units.

Advance Mortgage Corp., which makes a semiannual survey of U.S. housing markets, said the strength in nonapartment residential building was one of the surprises of the first half of 1971.

Both government and industry experts attributed the turnaround to economic factors, such as lower interest rates on mortgages and increased savings for down payments, which made home purchases more attractive.

And on Tuesday the Federal Home Loan Bank Board cut to 7 per cent from 7½ per cent the assets savings and loan associations must keep on hand, freeing up to \$800 million of extra funds for mortgages. The aim here was to stem a slight rise in the mortgage rates.

Bruce Hanson of the U.S. Office of Economic Research, writing in the Home Loan Bank Board Journal, explained the upturn in one-family housing starts this way: "The backlog of this demand from the past years of high interest rates means that a strong market exists with many people ready and willing to qualify for mortgage loans. This, along with the fact that there is a plentiful supply of mortgage credit, means that builders now see a viable single-family market to serve."

The recovery in single-family housing starts was most dramatic in areas around Atlanta, Baltimore, Boston, Houston, Los Angeles, and New York, and Orange County, Calif.

Reader Interest
In even the most specialized journals, it is estimated only 10 per cent of the readers will be interested in any one article, according to Encyclopaedia Britannica.

Upstairs, rooms for departments from grades four through six and Adult 1 have been designated.

The public is invited to the special services and open house according to the Reverend Trussell.

Fracus With Outfielder Costs Officers

ATLANTA (AP) — Three city policemen have been suspended without pay after a fracas which Mayor Sam Massell charged was "apparently an incident of blatant brutality" against Atlanta Braves outfielder Rico Carty and Carty's brother-in-law.

One of the suspended officers was accused earlier this year of brutality against blacks, according to Atlanta Vice Mayor Maynard Jackson, a Negro.

The Carty incident prompted unvarnished criticism of the city police department by the young Jewish mayor and Jackson.

"I cannot emphasize too strongly my complete disgust with what is apparently an incident of blatant brutality," declared Massell. "Those involved have become a disgrace to our police department, the city and the profession of law enforcement across the country."

Carty, who is from the Dominican Republic, has not played baseball this year because of injuries, but he led the National League in hitting last season. He was treated for facial bruises and an injured finger following the hassle which occurred about Midnight Tuesday.

Kentucky's nickname comes from the abundance of bluegrass found in its central area, according to Encyclopaedia Britannica.

Government Foe Beaten Vietnam

By RICHARD PVLE
Associated Press Writer
SAIGON (AP) — An antigovernment candidate for the National Assembly was beaten and arrested by police today during a protest demonstration as South Vietnam's political crisis neared the end of its first week.

Tran Tuan Nham, a self-described leftist who opposes both President Nguyen Van Thieu and the U.S. presence in Vietnam, appeared in Saigon's main square with a handful of student supporters to display a copy of his campaign poster which police confiscated early last week.

It depicted President Nixon with fangs, a Hitler mustache and a large "X" across the face. It also carried the slogans "Work for World Peace," and "Oppose the U.S., Save Our Country."

Uniformed and plainclothes police broke up the demonstration, touching off a brief melee as they pursued Nham and his associates through the area.

CAR INSURANCE (From Page One)

by Sykes, since State Farm Mutual, the world's largest auto insurer, announced Wednesday a 6.1 per cent refund to its Arkansas customers.

State Farm was not one of the companies represented by the Insurance Rating Board, which had requested the rate increase that Sykes granted. The increase has been appealed to Circuit Court at Little Rock by the Arkansas State ALF-CIO.

State Farm's announcement said that its computerized operations made it possible for company officials to tell within a few days after the end of the first six months of 1970 that their earnings were at record levels.

Most companies need 12 to 18 months to determine their earnings - losses situation. State Farm said it was too early to tell whether the earnings situation reflected a trend over the earlier trend in losses in the automobile insurance field.

Herget said that if a trend has developed, "then we are hopeful that with the implementation of new rating laws and an overhaul of the auto reparations systems, the need for future increases can be diminished."

BIG TRADING (From Page One)

into account the nature of the U.S. balance of payments difficulties, the rationale for the surcharge and the modalities of its implementation, the effect on trade, the possible effect on the economies of other contracting parties and in particular the effect on the economies of the developing countries."

Finland's GATT delegate, Klaus Sahlgren, will head the study group, which will include representatives of Argentina, Australia, Austria, Canada, Chile, the Common Market and its six member countries, Ghana, Greece, India, Japan, New Zealand, Pakistan, Poland, Spain, Sweden, Switzerland, Trinidad-Tobago, Britain and the United States.

Agreement was delayed by the demands of underdeveloped countries who sought a recommendation that they be exempted from the surcharge. Nathaniel Samuels, U.S. deputy undersecretary of state for economic affairs, objected that any exemptions would make the U.S. program ineffective.

At no time during the two-day meeting did the United States define what trade measures it wanted. Samuels said there "obviously will be given and take, and we haven't stated conditions. We must be assured of a lasting improvement in our external affairs."

Investigation Into Death

YELLVILLE, Ark. (AP) — Sheriff Fred Bearden of Marion County said Wednesday an investigation is continuing into the death of Claude Still, 23, of near Marshall.

Still's body, shot three times with a .38-caliber weapon, was found Aug. 19 on the bank of the Buffalo River. Still had been dead for some time, Bearden said.

Calendar of Events

Saturday, August 28
Joy Heflin School of Dancing announces registration for fall classes on August 28 at 10:00 a.m. until 12 noon at the Hope Youth Center upstairs. Ballet, Tap, and Acrobatics will be offered. Classes will be closed after a certain number is reached.

There will be no lessons given during the month of August.

A dance will be held at Hope Country Club, Saturday, August 28, beginning at 8:30. The charge will be \$1.00 per couple. Hosts are Mr. and Mrs. Bob Kellam and Mr. and Mrs. Charles Sharpe.

Sunday, August 29
Mr. and Mrs. Crit Stuart will be honored at a reception on their 50th wedding anniversary, Sunday, August 29, from two until four p.m. at the Hope Country Club.
Hosts will be Mr. and Mrs. Crit Stuart Jr. and family.
All friends are invited. No gifts.

Tuesday, August 31
The Jett B. Graves Class of the First United Methodist Church will have supper at the home of Mrs. Leon Prescott on Tuesday, August 31, at 7 p.m. The hostesses, Mrs. Prescott, Mrs. Robert Parham, Mrs. Rob Jones, Mrs. Garland Medders, Mrs. Leola Futrell, and Mrs. John Lloyd, will furnish the meat, bread and beverage, and the rest of the meal will be potluck.

Coming, Going

Mrs. and Mrs. M. L. Moore and children of Peru, Indiana are visiting Mrs. Mattie Tomlin this week.

Mr. and Mrs. J. C. Atchley attended a dinner August 21st in Little Rock, at the Sam Peck Hotel in honor of Flave W. Peters of Russellville, who is president of the Arkansas Furniture Association. J. C. Atchley is a member of the Advisory committee to the president of the Arkansas Furniture Association.

On August 22nd Mr. and Mrs. Atchley attended the showing of

STATEMENT

This has reference to the legal notice which appeared in the Hope Star Editions of July 25, August 2, 9 and 16, and was in regard to the City of Hope acquiring of additional right-of-way for the widening of South Main Street. This legal notice was directed to property owners who live out of Arkansas.

The title of this Warning Order Notice, wherein Harry Hawthorne was named defendant, et al (meaning others), and in this particular case there are sixteen others who were named defendants in the pleadings which are on file in the office of Circuit Clerk. These sixteen others property owners, were defendants also with Mr. Hawthorne. The et al refers to them. Any of these other sixteen names could have been used in the title of this legal notice, but only one was necessary.

In the assembling of the list of property owners on South Main Street who did not sign easements for this additional footage, Harry Hawthorne's name appeared first on this list, and is the only reason his name appeared in the title of this legal notice.

The purpose of this notice is to clarify the position of Mr. Hawthorne in this matter.

the comedy Plaza Suite at the Olde West Dinner Theatre in honor of the dealers and manufacturers representatives of the Arkansas Furniture Association.

Mr. and Mrs. Bobby Ward and daughter, Linda, of Schenectady, N.Y. spent a few days in Hope visiting Mr. and Mrs. Edwin Ward and Mr. and Mrs. Howard Waddle. They were enroute to Stillwater to enroll Linda in Oklahoma State University.

Mr. and Mrs. Sisson Entertain With Supper

1951 Class Reunion of Blevins High School was held recently at Fair Park with Mr. and Mrs. Harley Sisson as hosts. Classmates of Mrs. Sisson who attended were Mr. and Mrs. Emory Terry, Craig, Kendrick and Steve from Hudson, Ohio; Mrs. Windell Brown, Windy, Phil, Larry and Gary from Nashville; Mr. and Mrs. Lavell Bonds, Donnie and Peggy; LaDonna Fulton all of Blevins; and Vickie Miller from Hope.

Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer HOLLYWOOD (AP)—"Mission: Impossible" having dispatched endless South American and Iron Curtain dictators and tyrants over a five-year period, will tackle organized crime at home during its sixth season.

"We're domesticating the series," said producer Bruce Lansbury. "It had been getting to be fancy dress time with all those uniforms and medals."

The change of locale involves a lot more than casting and background scenery.

"Over the years, we've had a few stories with American backgrounds," Lansbury said, "and they worked well. We made some audience studies on concepts and found the American settings were acceptable. Then we wondered whether the ambient jeopardy of the dictator countries would work as well if we were on home grounds."

"We also weighted the values against the disadvantages of running out of material and finally decided that the domestic scene would give us a whole fresh loaf to cut."

Lansbury says that the new programs will go in "less for the intellectual congame and more for melodrama."

The show will refer cautiously to "organized crime"—never "Mafia." The bad guys will have the usual nonethnic Anglo-Saxon names. When the heroin traffic is under scrutiny, the center of drug manufacture will be a fictitious island off the west coast of Africa—a further effort to avoid hurting sensibilities.

The intrepid mission team will return reduced in size: Leonard Nimoy, who succeeded Martin Landau as its master of disguise, will not be replaced. The quintet of regulars plus frequent guest team members occasionally proved unwieldy for story purposes, Lansbury explained, so this season's girl agent will not only be a beautiful lure for susceptible bad guys but double as a makeup and disguise specialist.

"Once we decided to concentrate on organized crime, we started doing research on the subject and scratching around for interesting heavies," Lansbury said. "Our biggest script problem was to come up with

Mr. and Mrs. Richard Lane Miss Sherry Miller became the bride of Richard Lane August 14 in the home of her parents in Bodcaw. The couple's parents are Mr. and Mrs. Elwood Miller and Mr. and Mrs. V. O. Lane of Nashville.

Rev. Robert Davis officiated at the double ring ceremony with the music provided by Mrs. Robert Davis.

Given in marriage by her father, the bride wore an A-line, knee-length gown of peau de soie fashioned with a fitted bodice and a scooped neckline. The bodice and long sleeves were covered in floral lace. The empire waistline was accented by a white satin ribbon tied in a bow in front. Double bows of lace and satin secured her illusion veil, and she carried a cluster of love flowers for her bridal bouquet.

Miss Denna Campbell of El Dorado was her aunt's maid-of-honor. David Lane of Irving, Texas acted as his brother's best man.

A reception with the bride's sister and sister-in-law acting as hostesses followed the ceremony.

After a short trip, the couple is at home in Magnolia where they are attending Southern State College.

plots where it would be impossible to use regular police or law enforcement agencies. One of the advantages of using foreign backgrounds—dictator countries and cold war situations—was that the local police or army could never be on our side."

Peter Graves continues to be head man for his fifth season. Greg Morris, the electronics wizard, and Peter Lupus, the strong man, are the sole survivors of the original cast.

HELEN HELP US!

by Helen Bottel

YOUTH ASKED FOR IT!

This column is for young people, their problems and pleasures, their troubles and fun. As with the rest of Helen Help Us!, it welcomes laughs but won't dodge a serious question with a brush-off.

Send your teenage questions to YOUTH ASKED for it, care of Helen Help Us! this newspaper.

GIVE HIM A ONE-WORD ANSWER

Dear Helen:
After several months of holding on to my high standards, and my feelings, I finally gave them both to a man I loved. Then, to my shock, he turned up married to someone else. I read about it in the paper!
Last week he called and wants a reconciliation. Says he married the girl because she claimed she was pregnant with his child. But

it turns out she lied to him—it really isn't his.

He says he will divorce her after the baby is born. I asked why not now, and got no answer.

My parents don't like him, but Helen, you can't turn love off at will. Should I start seeing him again? —D.S.

Dear D.:

No! —H.

Dear Helen:

I'm going out for swimming this year, at school. My problem may not seem serious, but it is to me. You see, I'm not the type for those revealing tank-type suits they make us wear in gym. They're "no support" and only girls with perfect figures should be seen in them.

It's bad enough that the girls see me and kind of snicker, but boys look over the team too. Then the word gets around that I haven't got what it takes.

If they let us wear whatever we please in regular classes, how come we can't wear our own swim suits in gym? —FLAT IN THE WRONG PLACES

Dear FITWP:

Tank suits, without build-up, are regulation, because they're next best to skinny-dipping for speed. But I agree: they're murder for the figure, unless it's super-perfect. Whose is?

If you're really interested in making the team, you'll soon realize that how you look out of water is no worse than most-but what you do IN the water is the big build-up. —H.

Dear Helen:

This boy finally asked me to sit with him in church and I was thrilled. Then I had to go to the hospital for a small operation. They put me in the maternity ward as it was the only place that had an extra bed.

Well, I heard later he came to see me, but they told him I was on the OB floor, and he left real fast.

Now he won't speak to me. I think somebody teased him about his girl friend being in that part of the hospital. Maybe he thinks I had to be there!

Everybody-at least all my friends-know I just had a little cyst removed.

What's with him anyway? —D.W.

Dear D.:

I'd say he's a "What will people say?" freak, and probably not good boy-friend material. Don't you agree? —H.

This column is dedicated to family living, so if you're having kid trouble or just plain trouble; let Helen help YOU. She will also welcome your own amusing experiences. Address Helen Bottel in care of Hope Star. Copyright, 1971, King Features Syndicate, Inc.

Pinwale corduroy in a nostalgic nosegay print makes a flattering covered-wagon dress with matching shawl.

STITCHIN' TIME

By JOANNE SCHREIBER

Sorry, boys, the leg show is over. The mini has been replaced by a long, flounced dress known as the Granny, the Frontier, the Country, the Western, or the Covered Wagon, and girls from kindergarten through college are making the most of the romantic and nostalgic new look.

The old-fashioned look is a natural for girls who sew their own, and the piece goods counters this fall are loaded with just the right kinds of murky calico prints which are essential to the Covered Wagon look.

Corduroy, long a special favorite of home sewers, is particularly good for this fashion in soft pinwales and romantic prints. Just remember that corduroy must be cut with the nap all running the same way, so follow the "with nap" pattern layout. If you cut so the pile runs upward you'll have a dress with a richer, deeper color. This is an important consideration with the rich purples and browns which go with the new styles.

The pattern for today's dress is exclusive to readers of this newspaper. It's a super-quick design, cut with only two major pattern pieces. Choose long or short sleeves, a long or short hemline; add the matching kerchief which is included in the pattern, or make the

romantic granny shawl.

To make the shawl, you will need 2 yards of 36-inch fabric, plus 1½ yards for the double ruffle. Lay out your 2-yard piece of corduroy. Mark center of one long side. Chalk cutting lines from center of one long side to corners of other long side, to form a big triangle 2 yards along the base, plus two smaller triangles. Cut along chalk lines.

To make ruffle, cut a strip of fabric 5 inches wide, and 2½ times the distance around the side edges (the edges you cut) of the big triangle. This will require approximately 1½ yards of fabric in 5-foot strips. A cross-wise strip makes a crisper, perkier ruffle. A bias strip makes a softer ruffle. Join strips to make a length about 20 feet long. Fold strip in half lengthwise, wrong sides together, and gather to approximately 8 feet, or a little more than twice the two sides of the triangle. Working on the right side of the triangle, lay raw edge of ruffle to raw edge of triangle, so folded ruffle edge faces inward. Stitch ruffle to side edges, taking ½-inch seam allowance.

Lay remaining two triangles together, right sides together and selvages matching. With ½-inch seam allowance, stitch selvages together. Press seam open. You now have a pieced triangle the same size as the original triangle. Now pin

both triangles together all around, right sides together; stitch all around, leaving a 3-inch opening on one side. Turn through opening and press. Blindstitch opening.

Sue Burnett Pattern No. 8117 is available in sizes 8 to 18. To order, send 75 cents for first-class handling for "Stitchin' Time," c/o this newspaper, P.O. Box 503, Radio City Station, New York, N.Y. 10020. Include your own name, address and zip.

Man's Semen Preserved in Laboratory

ST. PAUL, Minn. (AP) — One of the nation's most compact "life insurance" offices is the suite of Genetic Laboratories, Inc., where men's sperm is stored at 324 degrees below zero.

For a year now, the firm has pioneered in preserving semen for couples who may want to have a baby at some future time.

With vasectomy operations increasing as a means of birth control, Genetic Lab is getting an increasing clientele, some from as far away as New York and California, company officials say.

The firm is opening a branch office in New York City, and the president, 39-year-old biologist Arthur Beisang, said he hopes eventually to set up a string of perhaps up to 20 labs around the country.

Hope Star SPORTS

Bobcats End Two-a-Day Workouts

By BILL MOORE
With two-a-days over, the Hope Bobcats will practice today at five o'clock before going under the lights on Friday.

Yesterday morning the Bobcats went out in shorts to help the wounds mend a little, before taking to the pads again. Joining the injury list lately have been Bubba Powers with a pinched nerve in his elbow, Robbie Boyd with four stitches in his cheek, and Rickie Hart with pulled tendons and ligaments in his middle finger.

Also, Rondey Steele suffered a dislocated forefinger and Lynn Norton, who said that the Bobcats were having more injuries than they needed this early in the season, has a bruised right shoulder.

Hope is readily preparing for their September 3 opener against Ashdown, polishing up on their defensive and offensive maneuvers while putting together a fine kicking game.

Hope will be out for a lot of revenge this year and as far as the Cats are concerned, Bubba Powers explained, "We've got the team trimmed down to the ones that really want to play and beat Ashdown."

No Freeze on Price of Popping Off

NEW YORK (AP) — Despite President Nixon's freeze, the price on popping off has risen sharply in the National Basketball Association.

The increase came Wednesday when Commissioner Walter Kennedy revealed that the NBA owners had given him the power to impose fines of up to \$25,000 in disciplinary cases involving club and league personnel with the exception of players.

Kennedy previously had been able to levy fines of up to only \$1,000. Now he's No. 1 in his ability to mete out punishment, moving ahead of Pro Football Commissioner Pete Rozelle and Baseball Commissioner Bowie Kuhn, who can hand out fines up to \$5,000.

Gal Player Talk of Baseball

DURHAM, N.C. (AP) — Jackie Jackson was the talk of the baseball world last week.

She tried to make it in a man's game. But being the "greatest female baseball player" wasn't enough to land Jackie a job with the Pittsfield, Mass., Senators of the Class AA Eastern League.

But Jackie will play baseball this season—in North Carolina.

"We've just agreed to terms on the phone," an excited Walter Brock, general manager of the Raleigh-Durham Triangles, said Wednesday.

According to Brock, the 23-year-old cost analyst from Burtonsville, Md., will report to the Triangles Monday and play that night.

"She's a first baseman-outfielder," Brock said of the 5-foot-7 blonde who tried out for the Pittsfield team.

Pat McKernan, who runs the Eastern League club, called Jackie "the greatest female baseball player I've ever seen" after the workout.

Brock has, though, and Raleigh-Durham players in days to come will have more to think about than how to escape the Carolina League cellar which they now occupy.

Solunar Tables

The schedule of Solunar Periods, as printed below, has been taken from Richard Alden Knight's SOLUNAR TABLES. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

Date	Day	A.M.	P.M.

29	Sunday	11:50 6:05	- 6:30

Robinson's Bunt Paves Way to Win

By BERT ROSENTHAL
Associated Press Sports Writer
Frank Robinson, one of baseball's premier sluggers, had not hit a sacrifice bunt since 1957—and the way Wilbur Wood's knuckler was flitting around, he didn't think he would try again for another 14 years.

But Robinson, who fouled his first bunt attempt against Wood Wednesday night, tried again much sooner than he expected and neatly executed the sacrifice, paving the way for the Baltimore Orioles' 6-3 victory over the Chicago White Sox.

"This bunt was the best contact I've made in three days," mused Robinson, the 11th leading home run hitter in baseball history with 496 homers.

The bunt also was Robinson's own decision. The rare sacrifice came in the sixth inning with the score 1-1 and followed walks to Don Buford and Paul Blair.

After Robinson's 14th career sacrifice moved the runners to second and third and Merv Rettenmund struck out, Brooks Robinson was walked intentionally, and Dave Johnson rapped a two-run double and Andy Etchebarren delivered a two-run single, putting the Orioles safely ahead 5-1. It was the 11th victory in the last 14 games for the runaway leaders in the American League's East Division.

Elsewhere in the AL, Detroit beat Minnesota 6-2 as Mickey Lolich gained his 21st victory; Kansas City topped Boston for the 11th straight time this season 7-5; Washington edged California 5-4; New York downed Oakland 4-2, and Milwaukee trimmed Cleveland 10-8.

In the National League, it was Pittsburgh 13, Atlanta 6; St. Louis 4, Houston 1; Cincinnati 9, Chicago 4; New York 5, San Francisco 1; Los Angeles 4, Montreal 1, and San Diego 7, Philadelphia 0.

Frank Robinson, who had grounded out to Wood and struck out in his first two appearances against the White Sox' veteran left-hander, said, "That guy is tough, even to bunt. The way the knuckler was moving around, I thought I might wait another 14 years before trying again," in commenting about his foul attempt.

Rettenmund drove in the other two Baltimore runs with a grounder in the fifth inning and a triple in the seventh as Pat Dobson won his 16th game—and first since July 31. Dobson scattered eight hits, including Jay Johnstone's solo homer and Carlos May's two-run double.

Lolich, the second top winner in the majors—he is only one victory behind Oakland's sensational Vida Blue, who has won 22 games—spaced eight hits in breaking a personal seven-game losing streak against Minnesota.

It was the eighth straight complete game and 22nd complete game of the season for the paunchy left-hander, who leads the major leagues in innings pitched with 305.

Lolich, who has lost nine, also helped his cause with a run-scoring double in the seventh inning after the Tigers had broken a 2-2 deadlock in the sixth on Bill Freehan's two-run double. Detroit's Al Kaline and Minnesota's Harmon Killebrew traded two-run homers early in the game.

Frank Howard, Washington's 6-7, 285-pound giant, triggered a four-run sixth-inning rally with a 506-foot homer and Toby Harrah completed it with a two-run single as the Senators over-

ord last season. The Aggies have some quality athletes.

New Coaches Jim Pittman at TCU and Bill Peterson at Rice could prove pesky. Pittman owns a top quarterback in Steve Judy while Peterson must suffer without a top-notch operative for his wide-open style of play.

SMU could be a threat on a given Saturday with its new Flying Wishbone-T under the direction of talented Gary Hammond.

Baylor stands to improve in Coach Bill Beall's third season at the helm.

THE OUTLOOK:

1. Texas.
2. Texas Tech.
3. Arkansas.
4. SMU.
5. Texas A&M.
6. Baylor.
7. TCU.
8. Rice.

HOPE (ARK.) STAR, Printed by Offset

Howard's mighty smash, his 22nd homer of the season, was the second longest ever hit at Anaheim Stadium. It was ex-celled only by a 518-foot clout by Boston's Carl Yastrzemski in 1969.

Denny McLain, despite being tagged for homers by Jim Fregosi and Johnny Stephenson, gained his fourth victory in his last five decisions for Washington. Joe Grzenda preserved the triumph with four scoreless innings of relief.

Kansas City, which can complete a season's sweep over Boston by beating the Red Sox again tonight, continued its mastery behind the strong relief pitching of rookie Lance Clemons.

Clemons earned his first major league victory by allowing only one run and two hits while striking out six over the final 4 2-3 innings.

The Royals overcame a 4-0 deficit with five runs in the third inning, scoring two on Lou Piniella's single. Bob Oliver capped the rally with a sacrifice fly and added a run-scoring single in the eighth.

Oddly, Kansas City holds the record for the fewest games won from one club in one season, having lost all 12 decisions to Baltimore last year. The Royals also lost their last 11 games to Baltimore in 1969, giving them the record of 23 for the most consecutive games lost to one club. They now have beaten Boston 12 times in a row, including their final meeting last year.

Bobby Murcer drove in three runs with a homer and a single, and Felipe Alou added a homer in support of Steve Kline's eight-hit pitching in the Yankees' victory over Oakland. Reggie Jackson and Rick Monday homered for the A's.

Dave May smashed a two-run homer and pitcher Bill Parsons contributed a pair of run-scoring singles, leading Milwaukee past Cleveland in their free-swinging game. Graig Nettles drove in three runs for the Indians, while Ted Uhlaender and Ray Foster each had three hits.

Staubach, Dickey to Start Game

By MAX B. SKELTON
Associated Press Sports Writer
HOUSTON (AP) — With the Governor's Cup symbolic of the "Texas Championship" at stake, the Houston Oilers tangle in a cross-state rivalry with the Dallas Cowboys Thursday night.

Roger Staubach and Rookie Lynn Dickey are the starting quarterbacks for the Astrodome game that has been sold out for weeks.

It will be Dickey's first start. Staubach, in his third pro season, started in last year's exhibition against the Oilers only to see the veteran Charley Johnson play a sparkling game for a 37-21 victory that brought the cup to Houston the first time.

Dallas holds a 3-1 edge in the early season series and got revenge for last year's defeat by embarrassing the Oilers, 52-10, in the final regular season game before moving on to the Super Bowl.

The fifth meeting between the two Texas teams starts a week-end NFL exhibition schedule that also includes nine games Saturday and two on Sunday, with the New York Jets playing at Kansas City Monday night.

Coach Tom Landry has not indicated how long Staubach will guide the Cowboy attack but has said Craig Morton, the seven-year veteran who played for Dallas in the Super Bowl, will play some.

Ed Hughes, the new Houston coach, is expected to follow last week's pattern which saw rookie Dan Pastorini turn the Oiler attack over to Johnson at halftime.

Lance Alworth, the great receiver Dallas obtained from San Diego, will miss the game, as will Mark Washington, Cowboy cornerback, Mike Ditka, tight end, and Reggie Rucker, wide receiver.

Defensive end George Andrie and linebackers Lee Roy Jordan and Chuck Howley also are on the Dallas injury list.

Houston will be without Ron Billingsley, the defensive tackle out with a leg injury, and Leroy Sledge, a running back who has a broken hand.

Two veterans announced their retirement Wednesday. Jerry Hill, a blocking fullback with Baltimore, quit because of his bad knees. Steve Thompson, starting defensive tackle for the New York Jets, gave up his

65 Runs in Pirates, Braves Series

By KEN RAPPOPORT
Associated Press Sports Writer
Wow, said Milt May. Whew, said Willie Stargell. Whew, said Roberto Clemente.

They could hardly hold their glee after capping an explosive hitting display as the Pittsburgh Pirates scuttled the Atlanta Braves 13-6 Wednesday night.

The 19 runs by the Pirates and Braves made a total of 65 for their four-game series at hit-happy Atlanta Stadium. There were also 107 base hits as the Pirates won three of four.

"It was quite a series we had here," said Stargell, who hit his 42nd home run Wednesday night and drove in his 111th run, both tops in the majors.

"Yes, it was quite a day for me," said May, who was married a few hours before game time. "Not only did I get married, but I got three hits and batted in three runs, Wow!"

Clemente was also giddy after collecting five hits and scoring three runs.

In the other National League contests, the New York Mets stopped the San Francisco Giants 5-1; the Cincinnati Reds trimmed the Chicago Cubs 9-4; the San Diego Blues turned back the Philadelphia Phillies 7-0 the Los Angeles Dodgers topped the Montreal Expos 4-1 and the St. Louis Cardinals defeated the Houston Astros 4-1.

American League scores: Milwaukee 10, Cleveland 8; Baltimore 6, Chicago 3; Detroit 6, Minnesota 2; Kansas City 7, Boston 5; New York 4, Oakland 2; and Washington 5, California 4.

Stargell wasn't surprised at the heavy hitting in Atlanta.

"When you swing the bat, you always have a chance to hit it out, especially in this park," he said. "I wish I could hit here more often."

Stargell continued merrily along on his best season. "I'm already having my biggest year ever, and I think maybe I have a chance to hit 50 homers before the season's over," said Stargell.

The Pirates settled matters right away with a six-run first inning and three more in the second, two on Stargell's homer and the other on Bob Robertson's 26th home run.

Hank Aaron ripped his 38th homer and 630th lifetime blast for Atlanta. It was his second in two nights.

Jerry Koosman won his first game in two months as he pitched a three-hitter to lead New York over San Francisco, whose lead in the National League West was cut to 6½ games.

Koosman who had been troubled by arm and back problems and spent five weeks on the disabled list, baffled the Giants with an assortment of off-speed pitches and struck out eight.

"I feel I can still pitch," said the New York southpaw who won 19 games as a rookie in 1968.

Lee May drove in five runs, four with his 35th and 36th homers as Cincinnati belted Chicago with an 18-hit assault.

May slammed a three-run homer in the sixth and ripped a solo shot in the eighth. He singled his first two trips. Tony Perez also smashed a homer for the Reds, his 33rd in the fifth.

Clay Kirby pitched a six-hitter while Don Mason led a 12-hit offense with two doubles for San Diego, which held Philadelphia without a run for the second night in a row.

Tom Haller drove in three runs with a homer and sacrifice fly while Doyle Alexander and Jim Brewer combined for a seven-hitter in Los Angeles victory.

Joe Torre, the National League's leading hitter, raised his average to .360 with three hits that led St. Louis over Houston.

reason: "football as a whole is not for me any more."

In other developments Tim Delaney, a wide receiver for the New York Giants, suffered a right knee injury in scrimmage and will be out for two weeks. Ron Johnson, the Giants star running back, underwent surgery to help correct a circulatory ailment.

Wide receiver and punter Billy Van Housen of Denver underwent an operation for removal of torn cartilage in his left knee and quarterback Len Dawson of Kansas City underwent minor surgery.

by MURRAY OLDERMAN
American Conference: Central Division —PITTSBURGH STEELERS

PROSPECTUS—The Chuck Noll revival is gathering momentum. Actually got Steelers up to five wins (they haven't won more than that since 1963). Also had 'em in division contention until final month of season. Kids will start believing in themselves now. This is one of darkhorse teams in AFC, lot depending on how their highly publicized young stars hold up and/or improve.

Defense

PASSING—Like Terry Hanratty the year before, Terry Bradshaw discovered it's not different playing quarterback when 240-pound linebacker comes blitzing at you. No one's giving up on Bradshaw's raw talent as a Namath with knees. Hanratty's not conceding him job, however. Rating—B.

RUNNING—Got unexpected mileage out of Preston Pearson, John Fuqua, who had previous shots with other clubs. They're good squirmers. For big men, Noll can call on Warren Bankston, ex-Charger Brad Hubbard (if knees are O.K.). Fuqua showed he's capable of having big days. Rating—B.

RECEIVING—Shook up a lot of people by going with complete rookie corps last year and got away with it. Standouts were Ron Shanklin as deep threat and Dennis Hughes at tight end. Now they've drafted Frank Lewis as an outside threat, and he could step ahead of all of them. Anyhow, the holdovers should be better with that first year taste of success. Rating—B.

LINE—Not quite good enough for airtight protection of young quarterbacks. But starting to break in youngsters such as tackle-center Jon Kolb. Could be more changes in this unit, too. Rating—B-.

KICKING—Couldn't ask for more than Bobby Walden as punter, but could certainly ask for more in place kicking department. Achilles heel of club last year. Will try soccer-styler Allan Watson. Rating—C+.

Prediction
Brilliant year by Bradshaw could change everything. Meanwhile, peg them third in Central Division.

(NEWSPAPER ENTERPRISE ASSOCIATION)

NFL Players Seek Freeze Exemption

By BOB GREENE
Associated Press Sports Writer
WASHINGTON (AP) — The National Football League Players Association has asked that its members be exempt from President Nixon's price-wage-freeze.

"The average career of a professional football player is 4.6 years," said Ed Garvey, NFLPA executive director. "One-third of the players will never have an opportunity to make up the loss suffered by the freeze because of injuries, cuts and retirements."

Garvey said athletes were able to get raises each year during the World War II freeze and were exempted from the freeze imposed during the Korean War.

Dan Devine, rookie coach of the Green Bay Packers, suggested the freeze might be more sweeping than first thought. When the freeze was imposed on Aug. 15, it was believed it would affect only those players who had not signed their 1971 contracts.

"I have an idea they all might be playing for their 1970 salary while this thing is going on," Devine said, including the players who signed before the freeze was announced.

"The reason is that the new salaries negotiated don't become operable until the first game, on Sept. 19," Devine said. "They aren't getting paid at the new rate yet, and it seems to me that might be an important point."

A ruling this week on teachers, however, may also apply to professional athletes.

The office of emergency preparedness said teachers could receive a raise if they were on a 12-month contract basis even though they actually are paid and work on a 10-month basis.

Garvey said the key question in when the players' contracts go into effect. He said he has asked the OEP for a ruling.

Although the football season ends in January, the standard NFL contract doesn't expire

until May 1. Garvey feels the contract, therefore, should begin either on May 2 or on the first day of training camp.

SHREVEPORT, La. (AP) — Home runs by Jorge Roque and Bill Brooks led Arkansas to a 7-3 Dixie Association baseball victory over the Shreveport Captains in Shreveport Wednesday night.

Roque's two-run blast got Arkansas off to a first-inning lead.

the players in their only workout Wednesday. The team was given the morning off to register for classes.

During the afternoon practice, the temperature on the Astro-Turf reached about 100 degrees. "This is the part of the year that is difficult for them," Broyles said. "Their legs are tired and sore, but this is what they have to go through to play."

Soreness and heat plagued

grades on defense, Broyles says

FAYETTEVILLE, Ark. (AP) — Coach Frank Broyles said Wednesday a review of films of the Arkansas football scrimmage Tuesday showed "nobody made a winning grade on defense."

He said, however, that coaches had learned several things from grading the workout and would implement changes in the next scrimmage sessions.

Another Texas Veteran Quits Squad

By THE ASSOCIATED PRESS
The quitting of a veteran player from the University of Texas for the second day in a row highlighted Wednesday's news around Southwest Conference practice fields.

Carl White, a 6-foot-4, 233-pound senior from McKinney, dropped off the squad Tuesday. The two-year veteran spot starter was listed as second string right defensive tackle behind Ray Dowdy on the Longhorns' squad.

Elsewhere around the SWC, things were routine — as coaches were expressing the usual cautious optimism about the fast-approaching 1971 season.

At Texas A&M, coach Gene Stallings praised the general effort and the enthusiasm of the players but said, "The blocking, tackling, passing and receiving were not as sharp as I would have liked. But execution will improve with more work."

TCU concluded conditioning drills Wednesday with a wet afternoon workout. New head coach Jim Pittman was philosophical about the bad weather, saying: "We might as well learn to handle the ball when it's wet."

The Frogs will put on pads for the first time today, but will hold only an afternoon workout since players were to register for classes earlier. "They're lean, Pittman said, "and now we'll find out if they're hungry. They look like they are ready to get after it. They've been getting pretty aggressive in these conditioning drills without pads."

Travelers in Win Over Shreveport

SHREVEPORT, La. (AP) — Home runs by Jorge Roque and Bill Brooks led Arkansas to a 7-3 Dixie Association baseball victory over the Shreveport Captains in Shreveport Wednesday night.

Roque's two-run blast got Arkansas off to a first-inning lead.

World Swim Record Set by McBreen

HOUSTON (AP) — Tom McBreen almost didn't make his appointment with a world record in the 400 meter freestyle in the National AAU Swimming Championships Wednesday night.

After the unheralded San Mateo, Calif., youth had outclassed a classy field with a world record 4:02.1 in the finals he said he almost didn't make it to the finals because he was playing around in the preliminaries.

"I almost didn't make it," McBreen said. "Graham White and I played around in the prelims and I almost didn't qualify."

McBreen was the slowest qualifier to the finals in a star-studded field that included the former record holder Gunnar Larsson, who finished dead last, and American record holder John Kinsella, who finished sixth.

McBreen started the race almost unnoticed in lane No. 8 but by the end of the first lap he started getting attention. He shot into the lead and kept up the pace.

McBreen's record was the second world mark established in Wednesday's competition. In the morning preliminaries, Mark Spitz of Santa Clara lowered his own world mark in the 100-meter butterfly to 55.01. Spitz already had the record of 55.6 set in 1968 at Long Beach, Calif.

Susie Atwood, the world record holder in the women's 200 meter backstroke, easily won her specialty in 2:22.911 with Donna Marie Gurr, the leading qualifier second at 2:25.953.

Charles Campbell of Pasadena won the men's 200 meter backstroke with a 2:07.144 clocking. Tim McKee of Suburban Swim Club was second and Mike Stamm, the American record holder, was third.

Other winners Wednesday night included: Diane Nickloff, Pasadena, 1:16.716 in the women's 100 meter breaststroke; Peter Dahlberg, Gatorade Swim Club, Bloomington, Ind., 1:06.912, men's 100 breaststroke; Ann Simmons, Lakewood, Calif., 4:24.825, women's 400 freestyle; Deena Deardurff, Cini Pepsi Marlins, Cincinnati, 1:05.036, women's 100 butterfly.

Six finals were to be decided today in men's and women's 200 meter freestyle, 400 meter individual medley and 400 meter medley relay.

Forrest City Has a Great Running Back

By HARRY KING Associated Press Writer LITTLE ROCK (AP)—Check the qualities of a great running back. Speed. Power. Balance. Robert Lee Steward of Forrest City has them all.

"His abilities are unlimited," says Bill Shimek, Steward's coach. "I think he could be the best running back produced in the state in the last 10 years."

"He can't walk on water, but he can walk through defenses," Shimek said. "Everytime I watch him I see him do something different."

Last year, the 5-foot-11, 192-pound Steward gained 1,305 yards and scored 24 touchdowns. He has 4.6 speed in the 40 and Shimek says half-jokingly that Steward's shoe size of 12 gives him balance. He played at 184 last year.

"He's thick in the arms, legs and chest," Shimek said. "His biggest asset is that after one step he's almost full speed. He can run inside or outside. He can run through the trash in there and he's great at finding the soft stop."

In addition, he fumbled only once in 250 carries.

Despite the presence of Steward, Shimek says the Mustangs, chances of winning the AAA-East title are slim. He's picking Little Rock McClellan and Jonesboro, the defending champion.

Ted Yotter, who replaced Mike Malham as head coach at McClellan, admits the Lions are capable of challenging or the championship. He says, however, that the depth disappeared when 20 to 25 players were assigned to another Pulaski County school.

"For front-line strength, I

guess we're as strong or stronger than anybody in the conference," Yotter said. "But I remember two years ago we had everybody returning and they all got hurt about halfway through the season."

Yotter was talking about the 1969 season when the Lions were rolling along 5-1-1 and then lost their last five when the injury bug hit.

Quarterback David Hines, fullback Virgil Pearcey and halfbacks Mark Taylor and John Thompson are all experienced. Wide receiver Wayne Sears, an all-conference choice last year, also returns.

Those five are among 14 returning starters.

Tight end Vaughn McQuarry, tackle Jerry Johnson and Larry McAlister and guards Berry Jones and Terry Johnson are returning on offense. Bobby Blackwood, Eddie Tarvin, Ted Bowman, Jack Reynolds and Tobey White have played together on defense the past two years along with Sears, McAlister, Taylor and Pearcey.

Jonesboro has captured the championship the past two years, relying primarily on defense, and the nucleus is there for another excellent defense.

Linebackers Mike Etter and Dennis Davis are outstanding.

"Davis and Etter have given us great linebackers play the last two seasons," said Coach Don Riggs. "Davis is 6-0 and 185 pounds and he's all muscle. He'll hit anybody. Etter is shorter (5-foot-11) but he's probably stronger (195). His great strength is his big asset."

Terry Cooksey will replace Scott Bull at quarterback but Riggs will have to rebuild most of his offense.

Jackson could be a contender. The Red Devils have 14 lettermen back, including seven starters on offense and seven on defense.

Andrew Smith, Bruce Lawrence and Curt Nailing head the group of offensive linemen. Ronnie Taylor will be the quarterback. He'll have Jack Dennis at fullback and Sidney Miller at tailback.

"We're looking for a sounder ball club this season," says coach Olan Burns. "If we can play a few teams close like we did last year, I think we'll win a few this time. I'm looking for a better season."

West Memphis is 5-5 last year and should receive help from the consolidation with all-black Wonder High School.

Coach Roy Rowe says tackle Boone Nance, a 215-pounder, and split end Mike McKay are outstanding. Lonnie James, a 145-pounder, figures to be the quarterback and Rowe says William Ball, Rodney Brooks, Oliver Fair and William Long are possible running backs.

Helena Central has not been a contender in five years, but Wallace Porter says his team may finish in first division. "We have been down for a long time," he said, "but we have a whole new attitude and we have some athletes. I think we have enough of them to challenge for a change."

Kenny Fielder has started at middle linebacker the past two years and Porter says he may be the best in AAA this season. Porter is also expecting big things from Tommy Fridell, who rushed for more than 700 yards last fall. Porter says Fridell is extremely quick, great moves and the "ability and desire" to be a big-time college running back.

Marianna Coach Charles Moore has 19 lettermen returning and says he expects the Porcupines to better the 4-5-1 season of 1970.

Moore says John Wood, a 210-pounder, could be the best defensive end in the state. Ricky Smith, a two-year starter at quarterback, is back along with halfback Rodney Slader and tailback Jodie Wilks.

Defensively, end Joe Bennett, tackle Doy Fryer, guard Dan Nowels, halfbacks Randy Davis and Horace Harris and safety Lee Ripper are two-year starters.

Rowe says several sophomores will have to play in the offensive line.

Larry Wright, the new coach at Blytheville, inherits lettermen from a 0-10 season and says the Chicks will not be embarrassed this year.

The top prospects include guard Brad Hawks and linebacker Rick Ellis. Hawks, a 6-foot-2, 200-pounder, has 4.9 speed in the 40. Wright says Ellis, 6-foot-1, 210, is one of the best athletes in the conference and is a fine college prospect.

Memphis, Tenn., is named for the first capital of ancient Egypt.

HOPE (ARK.) STAR, Printed by Offset

PRO CHARTS

by MURRAY OLDERMAN

National Conference: Central Division ---MINNESOTA VIKINGS

PROSPECTUS—Maturity, poise, ruggedness—apply them all to Vikes. They had best regular season record in NFL for '70. They'll be right up there again this year because all ingredients remain. Nothing fancy about them. They club you to death. Maybe they don't have inspired leadership on field offensively, but they get enough points on scoreboard. And oh, that defense! This club is closest thing to old Green Bay dynasty.

Offense Defense

PASSING—Gary Cuozzo faltered only in conference play-off, and that hurt. So Coach Bud Grant protected himself this year by acquiring old vet Norm Snead. And there's young Bob Lee to chip in. Rating—B.

RUNNING—In Viking mold of sheer force, Clint Jones, now established as regular, has more elusiveness than the rest. Dave Osborne, his running mate, is pile-driver. And clamoring for action are ageless Bill Brown, Oscar Reed and top draftee Leo Hayden. Rating—B+.

RECEIVING—Rubbed out a major weakness in acquiring Al Denson, a vet wide receiver with impeccable credentials. He might team with the ORIGINAL Gene Washington. That's if Denson can edge out holdovers Bob Grim, John Henderson, John Beasley does usual steady job at right end. Rating—B+.

LINE—Ailing guard Jim Vellone is lost and burly Ed White has been groomed to take over. Addition via trades of guards Mike LaHood and Doug Sutherland adds backup strength. At right tackle, Grady Alderman, last original Viking, still tries to stave off young Doug Davis. Look for Ron Yary at other tackle, to start getting all-pro attention, the way center Mick Tingelhoff used to. Rating—B+.

LINE—Soul of the Vikings, and the muscle, too. Surprising thing is that despite their ferocity, threesome of Alan Page, Carl Eller, Jim Marshall are not big—in fact, almost light—for pro linemen. The bulk belongs to Gary Larson, the steady man at tackle. Page rapidly gaining rep as most versatile man up front in NFL. Scares people with his vocal whoops. Rating—A.

LINEBACKING—Individually, Lonnie Warwick in middle, flanked by Roy Winston, Wally Hilgenberg, the Vikes don't impress anybody. But collectively, Coach Bud Grant is impressed. Says they play together as well as any unit in game. They're a savvy group with good hitting power and competitive flair. Spare Dale Hackbart swings in for passing situations. Rating—B.

SECONDARY—Broken leg by Bobby Bryant could have been a blow, except that Charlie West is ready to sparkle as corner back. On other side, Ed Sharockman hangs on. It'll still help to get Bryant back. At safeties, Paul Krause and Karl Kasulke are smart guys who fit Viking system well. Rating—B+.

KICKING—Fred Cox's field goal kicking is excellent, and Bob Lee's a steady punter. Rating—A.

Prediction:

Most solid club of them all. Which means a first place vote in division. And more.

Match Play Produces Upsets

By BOB GREEN Associated Press Golf Writer PINEHURST, N.C. (AP) — Arnold Palmer said he wasn't sure whether he liked the format or not. Ray Floyd said he felt as if he'd just finished a tournament instead of facing five more rounds. Jack Nicklaus and South African Gary Player said so long.

Nicklaus and Player were the major upset victims Wednesday as a flock of upsets knocked out some of the top names in the first round of the \$200,000 United States Professional Match Play golf championship.

In fact, the dynamic Palmer was the only one of the five top-ranked players who survived in the head-to-head competition in which half the field is eliminated each day. Scoring is on the basis of total strokes over 18 holes.

"I'm not sure whether I like it or not," Palmer said after a 68-71 victory over Bruce Devlin of Australia. "I'd like to reserve opinion until I play a few more rounds."

"It's tougher, really, than regular match play. You have to have the same perseverance that you do in stroke play. You can't let up for a minute."

"But if you get behind, it gives you a chance to catch up, maybe make up a lot of strokes in a hurry."

Nicklaus and Player agreed, generally speaking, before packing their bags and calling it a season on the regular American tour.

Nicklaus, the top-ranked player on the basis of official points, was out of it all the way. The 28-year-old Floyd, who hasn't won since taking the 1969 PGA national championship, bolted out to a birdie-par-birdie-eagle start, was five under par after five holes and held a four stroke margin over Nicklaus. He nailed it down when he hit a two iron two feet from the flag for another birdie on the 16th.

He finished with the day's best round, a five-under-par 67 on the tough, 6,973 yard Country Club of North Carolina course. Nicklaus had a solid 69 but never really was in it.

Nicklaus, like the other first round losers, picked up \$1,250. It pushed his leading money winning mark to \$207,081 for the year, just short of his single season record of \$211,566. He said he may not play in any more regular tour events again this season.

Gullett, Cin., 14-5, .737, 2.59; McMahon, S.F., 10-4, .714, 3.55.
STRIKEOUTS — Seaver, N.Y., 220; Jenkins, Chic., 211.

ASCS Office Data Center on Freeze

All residents of Hempstead County may obtain answers to questions on operation and interpretation of the Presidential order of August 15 on prices, rents, wages and salaries from the Hempstead County Agricultural Stabilization and Conservation Service (ASCS) Office, according to Ralph Montgomery, Chairman of the County ASC Committee.

County ASCS offices throughout the United States have been chosen as information centers to answer questions from all citizens on President Nixon's Executive Order which is designed to stem inflation and strengthen the national economy.

The Hempstead County ASCS Office is receiving official answers to questions concerning the President's action, and any person in Hempstead County who wants or needs precise information should get in touch with the County Office, Mr. Montgomery said.

The Hempstead County ASCS Office is located in Room 112 in the Federal Post Office Building, Second and Laurel Streets, in Hope. The telephone number is 777-3764. In charge of the office is Cecil F. Guthrie, County Executive Director. The office has a staff of five persons. "Ours and all ASCS offices throughout the nation, will function as information centers in all locations outside of highly urbanized areas, Mr. Montgomery said.

County ASCS offices are not to handle complaints or appeals, he said. They will serve only to provide official information. Persons with complaints will register them with the most convenient district or sub-district office of the Internal Revenue Service. "Neither will interpretations or guesses be made by ASCS county office people. They will answer only those questions for which they have been supplied answers. If they don't know the answer to a specific question, they will say so. If a member of the public wants the county office to obtain an answer, the question will go by phone or mail to the nearest IRS district office," the chairman said.

Normal function of the ASCS county offices is to administer farm action programs of the U.S. Department of Agriculture on the local level. County committee chairman Montgomery said ASCS service to farmers will continue without interruption.

"Our county office people welcome the opportunity to serve their country and are happy to make the extra effort in this crucial period," he said.

The address of the IRS office serving Arkansas is:

Little Rock Federal Office Building
Room 1434
700 W. Capitol Avenue
Little Rock, Arkansas 72203
Ph: (800) 482-9350 or (501) 376-4401

AFTER VACATION (From Page One)

mood, too. He has found another "Dear John" letter in the mailbox from his girl friend, the sixth one of the year.

You go out to the backyard to get away from it all, but there's no consolation there. Your flower beds have been rain-beaten to shreds, your prize tomato plants are bearing what appear to be midge green pigeon eggs. You look up at the house and see that one of the neighbor's kids must have knocked a home run through your bedroom window. Probably both beds are soaking wet from the storm.

Well, at least things will be shipshape at the office. But the boss is roaring mad when you show up for work.

"I never thought you did anything around here, but the guy I told to do your work quit the day after you left!" he shouts. "I want you to straighten out the mess by nightfall—or heads will roll in all directions. I'm trying to run a business, not a rest center."

But as you creep back into your rut you have secret feeling of exhilaration. Things are in an uproar, but wouldn't it be worse if you returned and found everything in apple pie order and that your small world had spun on successfully without your guiding hand at the tiller?

Sometimes it is nice to be mused.

Court Docket

CITY DOCKET

Gaylon H. Cooper, Tom Dickson, Chas. Phillips, Thomas Neal Scott, Beatrice Witherspoon, Drunkenness, Forfeited \$21.50 cash bond

CIVIL DOCKET

Madlock's Texaco Service Station vs. Jerry Keith, Action on account for \$76.45, Judgment by default for Plaintiff as per precedent

Would Cause Flooding

The level of the earth's seas would rise enough to flood coastal cities if all Antarctica's ice melted, according to scientists. One-third of the Washington Monument would stand underwater and the Statue of Liberty would be engulfed to nose level.

Reds Launch Large Number of Attacks

By GEORGE ESPER
Associated Press Writer
SAIGON (AP) — The North Vietnamese and Viet Cong launched the largest number of attacks in nearly three months in an apparent effort to terrorize South Vietnam's National Assembly election Sunday, the South Vietnamese command reported today.

A communique reported 38 enemy attacks against South Vietnamese military units and civilians, including 19 rocket and mortar shellings, during the 24-hour period ending at 6 a.m. today. The U.S. Command reported four attacks on American forces.

Official reports said two Americans and 49 South Vietnamese troops were killed and five Americans and 115 South Vietnamese soldiers were wounded. Eighteen South Vietnamese troops were reported missing. The two allied commands claimed 236 North Vietnamese and Viet Cong troops killed.

Three Vietnamese civilians were reported killed and five wounded.

A South Vietnamese spokesman, Lt. Col. Le Trung Hien, said it was the highest level of enemy activity since May 28-29 when 48 such enemy attacks were reported.

This time the North Vietnamese and Viet Cong were most active in the central highlands and in farther north in the area south of Da Nang.

They are considered two of the weakest areas in South Vietnam since the withdrawal of most U.S. forces from them earlier this year. The two infantry divisions considered the least effective in the South Vietnamese army are stationed in the central highlands.

The U.S. Command reported Wednesday that it had "indications that the enemy may be planning a high point of activity during the next few days." The intensified attacks are a show of strength intended to intimidate the voters in the lower house election Sunday, U.S. and South Vietnamese officers said.

Nearly a score of U.S. B52 bombers pounded North Vietnamese positions in the northern quarter of the country, and heavy fighting was reported south of Da Nang as South Vietnamese forces took the offensive.

The U.S. Command also announced today that 10 Americans were killed in combat in Vietnam last week, the lowest weekly toll in six years.

The command reported in its weekly casualty summary that 78 U.S. servicemen were wounded last week, 18 less than the week before, and 14 Americans died from nonhostile causes, six more than the previous week.

The total battle dead was the lowest since the last week of August 1965, when six Americans were killed in action.

Loan Official Fined and Sentenced

NEW ORLEANS (AP) — Charles H. Ritchey of Metairie, former president of Louisiana Loan & Thrift Corp., was fined \$5,000 and given a suspended three-year sentence Wednesday.

Judge Alvin B. Rubin of U.S. District Court imposed the sentence after refusing to allow Ritchey to withdraw a "no contest" plea that had been entered earlier.

The plea had been filed to seven counts of fraud and conspiracy lodged against him in connection with operations of the now defunct L.L.T.

Three persons were found innocent in May in a federal District Court trial of 16 counts of fraud and conspiracy in connection with L.L.T. operations.

The three included Earnest A. Bartlett Jr. of Booneville, Ark., former Louisiana Atty. Gen. Jack Gremillion and Louisiana state Rep. Sal Anzelmo of New Orleans. Bartlett had been chairman of the firm.

Gremillion still faces perjury charges stemming from his testimony before a federal grand jury when it was investigating L.L.T.

A fifth person had been charged, but the charges were dropped.

After 10 Days Dollar Is Stronger Than Most Economists Expected

By LAURANCE F. STUNTZ
Associated Press Writer
NEW YORK (AP) — Ten days after President Nixon cut the dollar loose from gold, the dollar is still stronger than most people expected.

This apparent good news could actually be bad news. The reason is that part of the Nixon economic plan envisaged a decline in the value of the dollar in foreign money exchanges. This would help United States exports since it would then take fewer mares or lire or francs to buy American products.

Also, it would mean that goods coming into the U. S. would cost more, and presumably, Americans would turn away from them.

The net of these two, according to the plan, would be an improvement in the U.S. balance of payments; we would no longer be buying more than we are selling abroad.

What has happened in the 10 days since the President's historic announcement of a new economic policy?

Things haven't yet gone as envisaged in the foreign markets.

So far, the dollar has slipped in the neighborhood of a little

more than two per cent, not the expected 15 per cent.

This means American goods are not that much cheaper abroad. Imports are more expensive here not primarily because of the dollar's new value but because of the new 10 per cent tariff Nixon put on them.

In Geneva on Wednesday, the 54-nation General Agreement on Tariffs and Trade—GATT—set up a study group to examine the surcharge. The study group was told to "take into account the nature of the U.S. balance of payments difficulties" and report back by Sept. 20.

GATT members pledged to accept the surcharge without retaliation but made it clear they are strongly opposed to it and want it lifted as soon as possible.

Failure of the dollar to fall as expected means that the extra tariff, the surcharge, is now America's big stick in international bargaining. It keeps some imports and thus keeps down the deficit in the balance of payments. At the same time, it provides a bargaining weight for dealing with other countries. The surcharge hurts their exports to the

15,000 Hot Dogs Ready for Mills Rally

LITTLE ROCK (AP) — With 15,000 hotdogs waiting, tonight's the night to show appreciation for Rep. Wilbur D. Mills, D-Ark.

The much-publicized rally for Arkansas' senior congressman and chairman of the House Ways and Means Committee is scheduled to begin at 5 p.m. in Little Rock's Barton Coliseum.

The dignitaries will begin their remarks at 7:30 p.m.

At least two Republicans — former Gov. Winthrop Rockefeller and Rep. John Paul Ham-merschmidt — are expected at the gathering, promoted by former Atty. Gen. Joe Purcell, now chairman of the state Democratic party.

The affair is billed as nonpo-

litical and nonpartisan.

Besides the other members of the Arkansas congressional delegation and Gov. Dale Bumpers, noted persons expected to be in attendance include House Speaker Carl Albert of Oklahoma, House whip Hale Boggs of Louisiana and Leonard Woodcock, president of the United Auto Workers Union.

The hotdogs and refreshments will be served at 6 p.m.

Tickets to the rally cost \$5 each, but Purcell said that anyone who shows up will be admitted, even without a ticket. He said the rally is not aimed at fund-raising and any surplus money will be turned over to Mills, probably for donation to a charity.

Youths Charged With Killing Zoo Animals

HARRISON, N.Y. (AP) — Three teen-age boys, the sons of two Westchester County policemen, have been ordered to undergo psychiatric tests after being arrested and charged with the killing of 13 animals at a children's zoo.

Town Justice William R. Johnston ordered the three admitted to the county hospital "to determine their mental capability to stand trial."

Arrested were Ralph Triano Jr., 17, and his brother Jeffrey, 16, the sons of Detective Ralph

Pentagon's Civil Rights Chief Quits

By FRED S. HOFFMAN
AP Military Writer

WASHINGTON (AP) — The Pentagon announced today the resignation of Frank Render as its civil defense chief. A spokesman said Secretary of Defense Melvin R. Laird was "not satisfied with progress that has been made" under Render's office in eradicating racial discrimination.

Brig. Gen. Daniel James, a top Pentagon spokesman, said Render resigned Wednesday from his \$36,000-a-year position, telling his superiors, "he wishes to return to his former work."

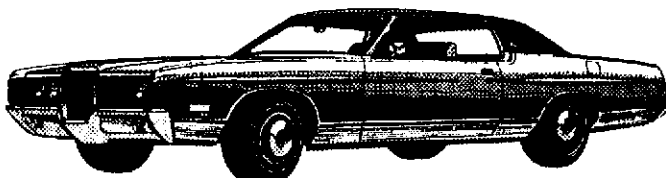

The announcement came after reports circulated that Laird and Asst. Secretary of Defense Roger Kelley were unhappy with Render's performance and were looking for another black leader to replace him.

Render was appointed to the job a little more than 14 months ago and has been one of the highest-ranking blacks in the Defense Department hierarchy.

Triano of the Harrison Police Department, and John J. Henry, 16, son of a Scarsdale patrolman.

QUICK QUIZ

Q—How did the fourth book of the Bible come to be called "Numbers"?
A—Its name comes from the census, or counting, of the Israelites in the desert after their escape from Egypt.
Q—When was a uniform election day for U.S. presidential elections established?
A—In 1845, by Act of Congress. Previously states had set their own election days.

**Tourists Are
Having Dollar
Troubles**

Associated Press Writer
LONDON (AP) - The long
lines of bewildered Americans
dispersed from the doorsteps of
Europe's money changers as the
shock waves of President Nixon's
economic blitz sub-
sided.

Some returned to their sight-
seeing resigned, others bitter
as their dollars bought them
fewer pounds, francs, lire,
marks, guilders or kroner.

The middle-class American
tourist is not much worse off so
far. The chief sufferers seem to
be the dollar-a-day, every-cent
counts travelers-the wandering
student or the nomadic hippie.

A new street market opened
in London Tuesday, but the
Americans were there as sell-
ers, not buyers. Dozens of
youngsters were hawking their
possessions to continue their
roaming or to get home.

"Buddy, when you're living
on \$2 a day every cent counts,"
said Paul Owen, 20, from Min-
nesota. He was asking 10
pounds - \$24 at the old official
rate - for a Swiss watch so he
could buy a sleeping bag to use
until his charter flight leaves
next week.

Outside the American Ex-
press office a bearded youth-
"Just call me Gary"-in sand-
als and patched jeans was ask-
ing 50 pounds for a sitar he
bought in New Delhi.

The dollar brought 40.9 Brit-
ish pence on the exchange mar-
ket Tuesday, a 1.8 per cent de-
valuation from 41.33 before the
crisis.
